

LONDON, MAY 22-25

SOLIDUSCONF 2017

LEARN. SHARE. NETWORK.

We are proud to announce that SolidusConf 2017 will take place on the 24th and 25th of May. It is presented by Lost My Name and Stembolt and will be hosted at The Rainmaking Loft in London next to the iconic Tower Bridge. We're expecting 100 developers, ecommerce specialists, and business owners looking to learn and make new connections.

We will have expert speakers including core members of Solidus and the Lost My Name team who will offer inspiring presentations and push their audiences to think outside of the box.

The Solidus community is dedicated to improving the Solidus platform to help programmers run their stores and dev shops to build their products.

SolidusConf is a friendly and inspiring event that invites the Solidus community to share best practices, learn from each other and ultimately improve the platform itself. SolidusConf is a great opportunity to connect with potential clients and showcase your brand in front of Solidus developers and ecommerce companies at the only official Solidus gathering of the year. Support the platform and be a part of this growing community by signing up for one of our sponsorship packages.

PUB NIGHT

A guaranteed highlight of the conference will be the party held the night of Thursday, 25th May. We'll work with you to make this a memorable occasion for all attendees.

- All silver level perks
- A big thank you on stage during the conference
- An opportunity to promote your company in your style at a pub close to the event

HACK DAYS

Feed the geeks who are working together to make Solidus better for the community. There will be 2 day-long hack days at the conference centre with hungry developers working together to build a better Solidus.

- All silver level perks
- A big thank you on stage during the conference and hackathon
- An opportunity to promote your company in your style during lunch at the conference centre
